

I am against the expansion of LPFM stations because I listen to KLOVE on an FM station which brings uplifting music to myself, my family and my community. I am not concerned when I listen to KLOVE what I or my family will be hearing. With other stations I never know what will be said or played on the air. The service that KLOVE brings to my community is peace, caring and love in a world where it is hard to find. Please do not expand LPFM stations.

thank you,
